## Match Results

1. Choose **Match Results** from the **Comp Management** menu
2. A new browser window will open with SP Match Results  
**NOTE: the window may not open if you have a pop up blocker enabled on your browser**

### Match List

1. Set appropriate filters based on, date range, season, club, competition name and venue.

**Display Matches**

Use the filters below to list the desired matches.

Show matches commencing on (dd/mm/yyyy):  Season  Venue Name

and concluding on (dd/mm/yyyy):  Clubs  Competition Name

**SHOW MATCHES**

2. Press the **Show Matches** button to display matches involving your club teams at the current login level.

For example if the login is club level and the club has three teams competing in various competitions than the list will show matches involving any of the three teams. If the login level is for one of the teams, only matches involving that team will be displayed in the match list.

3. Choose the options for a match by clicking on either the **Pre Game**, **At Game** and **Post Game**, button on the line of the corresponding match

## Pre-Game

The Pre-Game section is used to setup team lists for the match and print team sheets.

1. Click the + button corresponding with players on the **Available Players** list to register in the match on the **Selected Players** list
2. Click the – button corresponding with players on the **Selected Players** list to remove from the match

3. Selected Players lists can also be selected by using the **Autoselect Players** option

### Autoselect Players

- No Auto Select
- Players who played last week
- Players registered to this team

4. Update jumper numbers by typing a number into the **No.** column of the **Selected Players** list
5. Click on the **Save** button under the **Selected Players** list to update
6. Print a Team Sheet using the **Single Team – Team Sheet** button

**NOTE: Players included on the Selected Players list once the match has been finalized will be credited with a match in their player statistics. It is important to ensure that the Selected Players list reflects accurately to players that actually played in the match.**

## Default Jumper Numbers

Player numbers can be pre-loaded so that player numbers will automatically update when they are included on the **Selected Players** list in team selection

1. Choose the **Edit Club Default Player Number** option from the menu of the **Tools** button

2. Complete the corresponding details then click the **Assign Number** button
